

product: **Plasson**

**Modular Adaptors**

**PLASSON MODULAR ADAPTORS**  
CLOSE FITTING PLASSON SYSTEMS FOR MANIFOLDS AND CLOSE FITS

**ASSEMBLY:**

1. Simply remove the nut and split ring from the existing Plasson fitting.
2. Push the captive chamfered spigot past the captive O-Ring in the Plasson fitting.
3. Close the nut onto the Plasson Fitting.
4. The fitting can be rotated into whichever position you wish by loosening the nut and retightening when positioned.

**NOW AVAILABLE FROM VINIDEX - THE COMPLETE RANGE OF PLASSON MODULAR ADAPTORS TO SUIT BOTH METRIC AND RURAL FITTINGS FROM 20MM TO 63MM.**

Joining PE Pipes and fittings has always required enough pipe length to remove and replace compression nuts and split rings.

Consequently assemblies could never be neat, tight and compact.

Plasson have now introduced a range of preassembled modular adaptors and because they contain an internal captive spigot and split rings with two captive compression nuts, it allows Plasson fittings to be closely connected to form a neat compact assembly of fittings, which can also be used in making manifolds.

**PLASSON MODULAR ADAPTOR RANGE**  
- CAT. 7946 PN 16

| Vinidex Code | PN Rating | Size    |
|--------------|-----------|---------|
| 67669        | 16        | 20 x 20 |
| 67670        | 16        | 25 x 25 |
| 67671        | 16        | 32 x 32 |
| 67672        | 16        | 40 x 40 |
| 67673        | 16        | 50 x 50 |
| 67674        | 16        | 63 x 63 |
