

SewerPRO® & StormPRO® PRO Fittings

Vinidex offers a full range of fittings to provide the best combination of pipe and fittings for your SewerPRO® and StormPRO® pipeline system.

Product Range

Fittings available include 45° Bends, 60° Bends, 88° Bends, 45° Junctions, 88° Junctions, Equal Tees, Reducing Tees, Inspection Tees, 90° Elbows, Couplings, Slip Couplings, Push on Caps and Shorts. These fittings are available in a range of sizes from 150mm to 900mm.

Polypropylene (PP), Polyethylene (PE) or PVC materials are used in these fittings – moulded or fabricated. The socket or spigot configurations and the material of the fittings are included in the product description. All fittings are rated SN8.

New PVC non-pressure Stormwater and Sewer fittings

Vinidex is offering a new range of PVC PRO fittings in sizes from 225mm to 375mm. Fittings available include 45° Bends, 88° Bends, 45° Junctions, 88° Junctions, Equal Tees, Reducing Tees and 90° Elbows.

Adaptor Couplings are offered for PVC-SWJ, PVC-RRJ, Ultra Rib and PRO Spigot-PVC Socket.

New Sewer non-pressure fittings

Vinidex also has a new range of fabricated polyethylene fittings from 300mm-600mm diameter specifically designed for SewerPRO® pipe. These new fittings are precision machined and fabricated from PE pipe to give added strength, stability and consistency to the range of SewerPRO® fittings. The new fittings are available in 45° Bends, 88° Bends, 45° Junctions, 88° Junctions, Equal Tees and Reducing Tees. These fittings and the new 90° Elbows can also be used in Stormwater applications if desired.

Stormwater Tools and Accessories

Vinidex also offers tools and accessories for StormPRO® pipes.

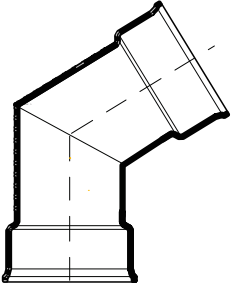

The PROgrommet™ is a quick and easy system to install 100mm and 150mm connections to StormPRO® pipe in up to 900mm diameter. The PROsaw™ has been specifically designed for the simple installation of the PROgrommet™.

StormPRO® & SewerPRO®

PVC PRO Fittings

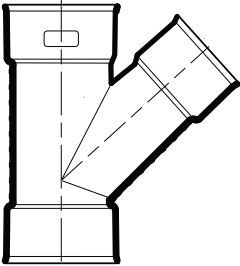

Vinidex now has an even more extensive range of PRO fittings available in PVC to enhance your StormPRO® and SewerPRO® pipe system needs.
