

## Vinidex StormFlex Pipe

Polypropylene (PP) StormFlex for stormwater drainage applications

Flexible corrugated drainage pipe

DN100 manufactured to dimensional requirements of AS 2439.1

StormFlex is a corrugated flexible alternative to rigid PVC stormwater pipe and can replace multiple fittings when joining downpipe to the underground stormwater pipe. StormFlex is manufactured from UV stabilised white polypropylene.

### PART OF THE FLEXIBLE DRAINAGE SYSTEMS RANGE

- Manufactured in Australia
- Stiffness rating SN12
- Available in coils
- High impact strength
- Light weight and easy to handle
- Flexible
- Chemical resistant
- Corrosion resistant
- Weathering resistant
- Range of compatible push on fittings available

### Applications

- Used in areas where rigid PVC pipes are difficult to install
- Land drainage
- Agricultural drainage

### Technical Data

Size Range	DN100
Manufacturing Standard	AS 2439.1
Quality Management System	ISO 9001
Certificate Number	QEC0570 (SAI Global)

ITEM	DESCRIPTION
Pipe material	Post-consumer recycled polypropylene
Colour	White
Joint type	Push on

### Product Range & Dimensions

Vinidex Code	Nominal Size DN (mm)	Outside Diameter (mm)	Inside Diameter (mm)	Coil Length (m)	Approx. Weight (kg/length)
24979	100	98-101	83-85	10	4
24980	100	98-101	83-85	30	12
